

CITY OF LODI

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

		<u>Project Data</u>	
TO:	City Council	Originally Budgeted:	1987
		Budgeted Fund:	Capital Outlay Reserve
FROM:	City Manager	Amount Budgeted:	\$20,000
		Bid Opening Date:	11/14/90
MEETING DATE:	October 17, 1990		
AGENDA TITLE:	Plans and Specifications and Advertisement for Bids for Zupo Field Backstop and Fencing, 350 North Washington Street		

RECOMMENDED ACTION: That the City Council approve the plans and specifications for the above project and authorize advertising for bids.

BACKGROUND INFORMATION: This project will replace the existing backstop at Zupo Field with a higher backstop. The existing backstop has been in use for many years and is in need of major repairs. The new backstop will be 40 feet high and will provide additional safety for the spectators. Ball clubs playing in the park have also been complaining about foul balls that are lost because our backstop is too low. The 40-foot backstop will keep more balls in the field and save teams the cost of replacing them. This project will also install fencing around the left field bullpen area and the field drinking fountains to provide additional protection for the ball players.
